

## CLAIMS

- 1 1. A handheld device comprising:
  - 2 a first button to cause a cursor to navigate through a plurality of menu items and
  - 3 to highlight a desired menu item; and
  - 4 a second button to cause the cursor to navigate through a plurality of menus when
  - 5 the cursor is highlighting one of the menus or a first menu item, and to cause the cursor to
  - 6 highlight a previous menu item when the cursor is highlighting a menu item other than
  - 7 the first menu item.
- 1 2. The device of claim 1 further comprising:
  - 2 a third button to cause the device to display the plurality of menus.
- 1 3. The device of claim 1 further comprising:
  - 2 an execute button to execute the highlighted item.
- 1 4. The device of claim 1 wherein the highlighted item is a telephone number.
- 1 5. The device of claim 4 further comprising:
  - 2 a button to dial the telephone number.
- 1 6. A handheld device comprising:
  - 2 first means for causing a cursor to navigate through a plurality of menu items and
  - 3 for highlighting a desired menu item; and
  - 4 second means for causing the cursor to navigate through a plurality of menus, for
  - 5 highlighting a desired menu when the cursor is highlighting one of the menus or a first

6 menu item, and for causing the cursor to highlight a previous menu item when the cursor  
7 is highlighting a menu item other than the first menu item.

1 7. The device of claim 6 further comprising:

2 third means for causing the device to display the plurality of menus.

1 8. The device of claim 6 further comprising:

2 execute means for executing the highlighted item.

1 9. The device of claim 6 wherein the highlighted item is a telephone number.

1 10. The device of claim 9 further comprising:

2 means for dialing the telephone number.

1 11. A method comprising:

2 using a first button to cause a cursor to navigate through a plurality of menu items  
3 and to highlight a desired menu item; and

4 using a second button to cause the cursor to navigate through a plurality of menus,  
5 to highlight a desired menu when the cursor is highlighting one of the menus or a first  
6 menu item, and to cause the cursor to highlight a previous menu item when the cursor is  
7 highlighting a menu item other than the first menu item.

1 12. The method of claim 11 further comprising:

2 using a third button to display the plurality of menus.

1 13. The method of claim 11 further comprising:

2 using an execute button to execute the highlighted item.

1 14. The method of claim 11 wherein the highlighted item is a telephone number.

1 15. The method of claim 14 further comprising:

2 using a button to dial the telephone number.

1 16. An apparatus comprising:

2 a menu bar including a plurality of menus;

3 a set of items associated with each menu of the plurality of menus;

4 a display button to cause the menu bar including the plurality of menus to be  
5 displayed ;

6 a first scroll button to selectively highlight one of the plurality of menus of the  
7 displayed menu bar and to cause the set of items associated with the highlighted menu to  
8 be displayed;

9 a second scroll button to cause the cursor to selectively highlight one of the set of  
10 items of the highlighted menu; and

11 a command execute button to execute the highlighted item.
